Total acidity	5.7 g / l
Overall alcohol	11.40% Vol
Total sulfites	116 mg / l

TASTING NOTES

At sight it is pale straw yellow.

Fine bubbles rise the glass in dense and numerous chains. Clear and precise aromas outline an olfactory picture centered on floral tones of jasmine and citrus citron and mandarin. The sip is dry and fresh thanks to the citrine returns, with a creamy and enveloping carbon. The savory finish is pleasant.

Italian Sommelier Federation

PAIRING

The intensity of the fruity and floral aromas make it perfect in combination with molluscs and crustaceans.
